APPLICATION: PERSONAL STATEMENT

Please answer each of the following essay questions in any way you wish and attach it to the application forms. Please do not type, and complete each essay entirely on your own.

1. What are your reasons for wishing to attend Colorado Timberline Academy?
2. What was the most significant event of the past year for you?
3. What are your plans for the future?
4. For what reasons are you leaving your present school?
5. How do you assess your own writing and reading abilities?
6. Please respond to the following paragraphs. (What was your involvement with drugs and alcohol during the past year? Are you willing to make the commitment called for, and how will you back up this commitment?)

"Colorado Timberline Academy asks for a special sort of commitment from its students regarding drugs and alcohol."

"While working with teenagers during the past few years, we have found numerous problems with drugs in the high school setting. We have found that the use of drugs and alcohol by students interferes greatly with both personal and community success. We strive for close student-teacher relationships and the use of drugs and alcohol creates a gap – students are not able to honestly share with teachers all of the important parts of their lives."

"We ask that students who wish to attend Colorado Timberline Academy spend time seriously considering their relationships to drugs and alcohol. CTA students must pledge that they will conform to the school policy concerning drug and alcohol use. For many teenagers this is an idealistic commitment, but our objective and goals are idealistic and drug and alcohol use will stand in the way. We give students an unlimited opportunity for educational and emotional growth, and we expect a strong commitment in return."
